## **In Loving Memory of my Dear Friend**

My dear Fel,

I still can't believe you are gone. The world seems a bit emptier without your infectious laughter and your incredible kindness. I feel so blessed to have called you my friend, and I am forever grateful for the precious time we spent together.

We both grew up on Sound Road. What some memorable childhood days we had. When I started driving the school bus you were the first one to help me out. You gave up your route from George Town Primary and opted to drive the Red Bay Primary route. Then we both started working for Barnes Bus Company. It was a joy working with you.

Whenever you got a new car, I was there to polish and shine and test-drive them with you. I also helped you with the carwash shop. We were like brothers.

Our last get-together was on your birthday, my wife Daisy and you celebrate the same day. I'll always cherish the memories of you, my friend. Gone but not forgotten.

Your forever friends Joseph & Daisy Byrd.

### **UNCLE FELLIE**

We grieve the loss of a man who was a father to us and grandfather to our children. We miss you so much already. I can tell you this road is going to be rough.

Fellie was our gentle giant. A man who did not say much but his smile said it all.

He possessed a heart of gold, and he was the warmest and most compassionate person with big strong arms to hold.

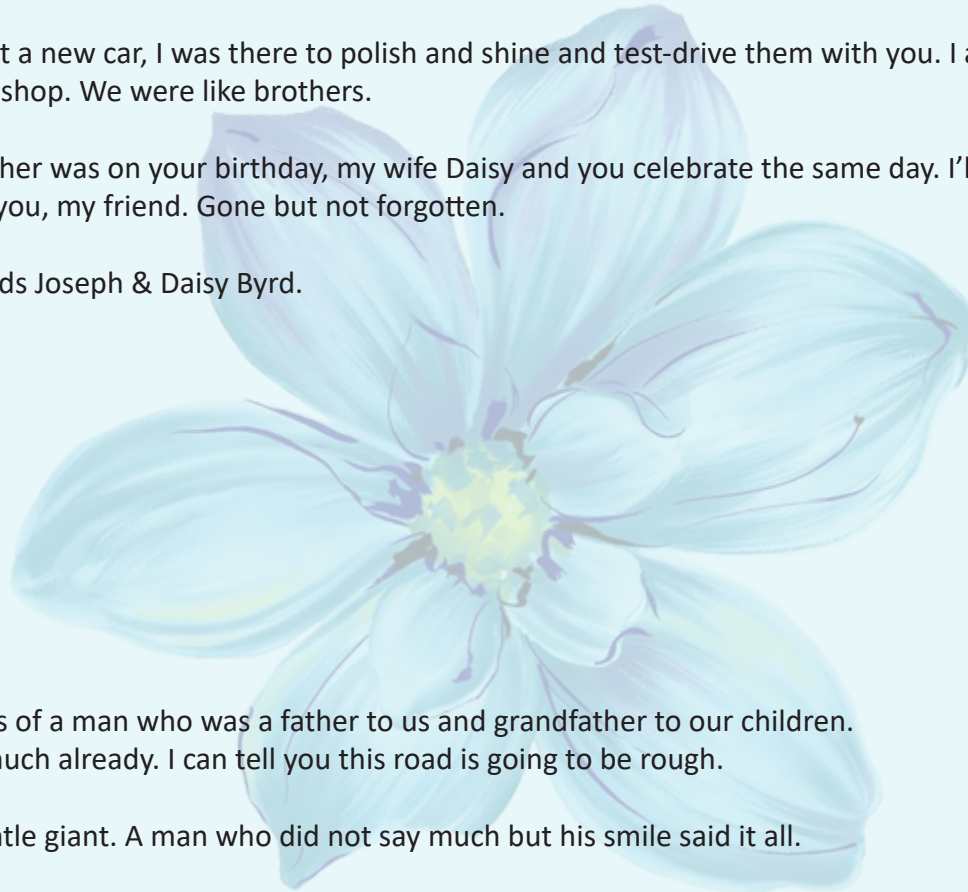

Whenever we got together with friends or family, you were there. We will keep your memory alive so that you will always be there in our hearts.

We will always cherish all the memories and great times we shared. I can still see you on your front porch smiling and waving at everyone who saw you there.

The greatest gift we shared was the time we spent together. You were such a constant part of our lives, and the memories will never fade.

We will always love and cherish you, Uncle Fellie.

Love Norman, Elesha, Xane and Leilani Graham
